

Cambridge Student Environmental Groups Vision of the University of Cambridge Environmental and Sustainability Policy

Statement of Intent

[insert here]

Guiding Principles

The policy should be developed following these guiding principles

- [insert here]
- [insert here]
- [insert here]

Commitments

The University of Cambridge commits to excellent environmentally sustainable practice, by achieving the following:

[insert specific targets and objectives that your society wants to see under each of these headings that are Specific, Measurable, Ambitious/Achievable, Realistic and Time Bound (SMART)]

- Energy
- Waste
- Water
- Biodiversity
- Ethical Investment
- Procurement
- Transport
- Building and Construction
- Food
- Teaching and Learning

The processes and mechanisms to implement this policy are outlined in the Environmental and Sustainability Strategic Plan which is updated annually. This policy encompasses other plans including the Carbon Management Plan, Transport Strategy [etc insert others here].

To be reviewed in 2024.
